Academy Of Music And Arts To Show 'Civiliisation' Series

"Civilization", the renowned color film series on the cultural life of Western man, written and narrated by art historian Kenneth Clark, will be shown at the Academy of Music and Performing Arts each Thursday in Seaside. This showing is open to the public and is free of charge.

The Academy of Music and Performing Arts received the thirteen fifty-minute "Civilization" films on loan free of charge from the National Gallery of Art in Washington, under a new program offered through the Gallery's Extension Services.

This distribution program has been made possible by matching grants totaling $18,056 from the National Endowment for the Humanities and from Xerox Corporation. Normal rental fee for this series would be $2,000 to $3,000, and purchase price would be $7,000 for the set.

Under the program, which began this fall, the films are being distributed to colleges and universities with fewer than 2,000 undergraduates. Approximately 400 institutions can participate in the program each year, with an estimated 3,000,000 annual audience.

The first film to be shown was The Frozen World on 1/25/73; following that will be The Great Thaw on 2/8/73; III - Romance and Reality on 2/22/73; IV - Man - The Measure of All Things on 3/1/73; V - The Hero as Artist on 3/15/73; VI - Protest and Communication on 3/29/73; VII - Grandeur and Obedience on 4/12/73; VIII - The Light of Experience on 4/26/73; IX - The Pursuit of Happiness on 5/10/73; X - The Smile of Reason on 5/24/73; XI - The Worship of Nature on 5/31/73; XII - The Fallacies of Hope on 6/7/73; XIII - Heroic Materialism on 6/14/73.

"The distribution program has been designed," said J. Carter Brown, Director of the National Gallery, "to make it possible for audiences all over the country to see the "Civilization" films on the large screen and with the fidelity of their original film form. In addition, it will offer institutions a means of strengthening relations with their local communities by sponsoring the second showings for the general public. College presidents, rather than art, history or humanities departments, have been asked to sponsor the program, in order to emphasize its availability to the whole student body. Since its American premier at the National Gallery in November, 1969, the entire "Civilization" series has been shown nearly a hundred times and drawn more than 275,000 viewers at the Gallery. It is currently being seen throughout the United States on National Educational Television, supported by a grant from Xerox Corporation.

In the series, Kenneth Clark traces, from a avowedly personal point of view, the story of Western civilization through the visual arts, music, literature, and political history, from the fall of the Roman Empire through the 20th Century. The films were originally produced for the British Broadcasting Corporation, which sent Lord Clark, two producers, and a three-man camera crew on a two-year mission through eleven countries to film the series. In Lord Clark's words, the aim was "to define civilization in terms of creative power and the enlargement of human faculties."

The film's many subjects include the Gothis cathedrals, the age of chivalry, St. Francis of Assisi, the Renaissance and the Reformation, the Baroque and rococo, bourgeois democracy in Holland and the Dutch painters, the Enlightenment in Europe and America, romanticism and revolution in the 19th century, and modern technology and materialism.

In honor of Lord Clark's many contributions to art education as Director of the National Gallery, London (1934-45), Slade Professor of Fine Arts, Oxford University (1946-50 and 1961-62), author of several books and creator of the "Civilization" series, the National Gallery has presented him with its Medal for Distinguished Service to Education in Art.

The Gallery's Extension Services serve the nation through a varied program of activities ranging from films and reproductions to special publications. Although the emphasis of the Services is on the National Gallery's collections, attention also goes to ways in which these collections relate to subjects of current topical interest and concern in the world.

APPOINTED - Supervisor Roger Poyner has named Oscar C. Lawson (standing) his administrative assistant. Lawson's duties will include research on and selective monitoring of numerous social welfare and health programs for which county governments has responsibility. Lawson has been active in many community organizations including PTA, Knights of Columbus, Seaside Chamber of Commerce and NAACP. Recently retired from Army, he is management consultant to Cecil's Ice Cream Parlor and Pizza Pub. He and his wife Barbara have four children.

SES Has Record Year For Job Placements

The year 1972 was a record high year for the Student Employment Service job placement accomplishments.

Phyllis Howard, SES Executive Director and Loren E. Smith, SES President, both are confident that the program will continue to grow substantially in subsequent years. This growth will allow them to extend their objective to provide after-school, weekend and summer employment for local youth who make themselves available for work.

During Easter Week, 1972, a group of members of the Monterey Chapter of the American Association of Retired Persons volunteered their services and assisted with the registration of students for work. Their help contributed greatly to the success of the registration week and was appreciated by the students as well as the Committee.

The work of the SES officers and members of the committee has been a vital element in the successful achievements of this program.

During 1972, 1199 students registered for work; 1356 job openings were received from employers and 1171 jobs were filled.

IRS Will Help With Tax Returns

Taxpayers in Salinas and surrounding areas may obtain free assistance in preparing their Federal tax returns by telephoning or visiting the Salinas Internal Revenue Service office.

The taxpayer assistance telephone number for the IRS in Salinas is 424-2886. The office is located at 100 West Alisal Street.

Charles E. Kingman, IRS District Director for Northern California, urges taxpayers to use the telephone for requesting assistance. According to Kingman, IRS studies over the past several years show that over 70 percent of all tax inquiries can be answered by telephone.

Kingman said that trained and experienced IRS personnel are available in the Salinas office to provide tax assistance. He stressed that the assistance provided will generally be limited to answering questions or helping to prepare only those sections of the return with which the taxpayer is having difficulty. The Director said with such IRS assistance most taxpayers are capable of preparing their own returns. However, if a taxpayer is unable to prepare his return due to physical or language handicaps, IRS personnel will prepare the return for him.

During the income tax filing period the Salinas office will be open Monday through Friday from 8 a.m. to 4:30 p.m. Through April 16 the office will also be open each Saturday from 9 a.m. to 1 p.m. and each Monday until 8 p.m.

Seaside High Band Concert Is Sunday

In the midst of a fund raising drive, the Seaside High School Concert band has invited the public to--of all things--a Free Concert this Sunday afternoon.

The band, one of three from California chosen to play at a Conference of Music Educators in Tuscon, Arizona, in March is trying to raise about $3,800 needed to pay for the trip.

Despite the need for money, band director Jack Bayes said there will be no admission charge for the Sunday Concert which starts at 2 p.m. in the school's outdoor Greek Theater. Bayes said, however, that the band will accept donations.

Bayes said this Sunday's concert will be in the style of the old-fashioned afternoon affairs.

In case of bad weather, Bayes said the concert will move into the High School's Gymnasium.

On their return from the March 1 concert at the Western Division Annual Meeting of the Music Educator's National Conference in Tuscon, band members will perform at Disneyland. Bayes said the band will march down Main Street there on March 3 at 5 p.m.

Persons interested in helping the band get to Arizona can send checks to Bayes at Seaside High School, made out to the Seaside High Band Fund.

Conference To Discuss Black Education Planned

The Education Finance and Governance Reform Project will host a conference, Saturday, February 3 at the Garden Oaks School, 2033 Pulgas Ave., E. (Nairobi) Palo Alto. Assemblyman Bill Greene will be the keynote speaker.

The primary objective of the conference will be to develop and improve the quality of education for Black children, while making the public school system more accountable for our community's tax dollars.

It is a common experience throughout California for Black children to graduate reading and performing far below grade level. There are three questions we must adress outselves to since everything else is subordinate; they are: "What are the goals of education?" "How and who decides what is going to be taught, and who is going to teach it?" Often the money earmarked for our Black districts never reach our children. "How and when do we get the financial resources to operate our school systems?"

As a secondary objective, one of the four workshops will be designed to educate community people involved in drug agencies, prison organizations or independent Black institutions. Specifically, they will address themselves to the proper procedures for obtaining funds from the various philanthropic foundations; also, they will be discussing the kinds of projects that are currently being funded or subsidized, and how tax rebates enter the picture. As much as possible in the short range of the conference, 9 a.m. to 4 p.m., they would like to disseminate the in's and out's of financial survival for Black community organizations. A free lunch will also be provided.

As an extension to this meeting, Brother Stokely Carmichael of Ghana will address the community and guests on "Nkrumahism-The Correct Ideology" at an informal and free seminar at 7:30 p.m. the same evening, Ravenswood High School, 2050 Cooley Ave., E. Palo Alto. It is hoped that all participants would attend this final session as well, and should any other questions concerning either function arise, please direct them to the Reform Project Staff (Bob Hoover, George Murray, Dolores Randall or Loyci Brooks) at the address or phone number listed above in East Palo Alto, or contact the Young Adults for Action at 899-2521.

I don't feel loved any more; I don't feel wanted.

People are so thoughtless. They demand so much of me and take it without appreciation. They overlook the things they could do for me, and when I ask their help they cruelly rebel.

Some are too preoccupied with problems even to suspect this awful vacancy I feel, and I scarcely know my neighbors, and by friends are too busy with their own concerns to really care.

Who would care if I disappeared tomorrow? Who would really care? I know I am needed, and for that reason alone I would be missed. But wanted, completely, irrevocably, unselfishly as a person for myself . . . ?

You, Lord, you alone know and love and care about me as a person. In you alone I find my understanding and my reassurance.

Help me now to draw upon that reassurance and take some of it back into all my relationships. As I seek that loving reassurance, I somehow know that other people do care deeply about me too, despite their seeming indifference. They would be shocked and hurt if they thought I doubted them.

Lord, let us all feel loved and wanted. Are you still listening? I would like to know another thing. How much are we supposed to stand, God? How much can the human spirit bear?

Trial is piled upon trial, and before one crisis is survived, another bears down.

I am buffeted and bruised, I am knocked

Wood Named To Environmental Committees

Assemblyman Bob Wood was appointed to two of the most important environmentally oriented committees in the State Legislature. Assembly Speaker Bob Moretti (D-Los Angeles) appointed Wood to both the Transportation Committee and the Natural Resources and Conservation Committee.

Wood was also named as the Vice-Chairman of the Natural Resources and Conservation Committee. For the last two years, he has served as the Vice-Chairman of the Environmental Quality Committee until it was consolidated as a subcommittee of the Natural Resources Committee. Wood said he was "pleased" with his promotion, since as the Vice-Chairman he will be serving on one of the more important committees for Monterey County. The Monterey County Legislator has served on the Committee as a regular member since his election in 1969.

Moretti also appointed Wood to the Agriculture Committee. Earlier this month, Moretti named Wood as the only northern California Republican on the Select Committee on Coastal Zone Resources. The purpost of this Committee will be to coordinate the work done by the Coastline Commissions, created as a result of Proposition 20. The Transportation Committee handles almost all of the air pollution related bills in the Legislature, while the Natural Resources and Conservation Committee handles most other conservation bills.

Friday Is Deadline

February 2, 1973, is the first Friday in February. So what? "So it's vehicle registration deadline day," says Joseph Walton, manager of the Department of Motor Vehicles office in Seaside.

"Many motorists have come to think of February 4 as the deadline," he said, "because that's what it used to be until the Vehicle Code was changed in 1971 to make the first Friday of the month the cutoff date. This year it comes earlier than usual and may catch a few motorists with their checkbooks down."

MPC Evening Registration Is Tonight

On campus registration for Monterey Peninsula College's evening program will be Wednesday and Thursday, January 31 and February 1, from 6:30 to 9 p.m. in the gymnasium.

Two classes previously closed have been re-opened because of popular demand, according to Keith Merrill, dean of the evening division. Sociology 140, marriage and family life, taught by MPC professor emeritus Louis Balsam and Home Economics 150, household arts, are again open. Students may sign up in either class during the regular registration or during the first two class meetings as additional openings are available.

MPC is offering over 200 evening courses in academic and occupational areas. It is possible to earn an associate degree through the evening program, or to obtain a certificate of achievement in one of several occupational programs.

Information about evening classes may be obtained by calling the college, 375-0921.

Fremont Construction Nearing Completion

According to Seaside City Engineer Ted Thoeny, the Fremont Boulevard reconstruction project should be "over the hump" today.

The street should be paved between Broadway and Playa Avenues by this afternoon. Completion of paving will end the inconvenience to merchants and motorists. Seaside merchants have been upset with the contruction for over two months now.

However, Thoeny said, additional paving will have to be done at the intersections of Echo and Clementina, the two entrances to the Monterey Peninsula Auto Center, where decorative concrete will be laid.

These intersections, which will be decorated with red concrete stamped into squares to resemble Spanish tile, should be done by early March.

In addition to the paving, a signal will be installed at the Echo intersection and landscaping will be done on the entire length of the project.

Today's Army NEWS By SSG R. Cardwell ARMY RECRUITER

Hi everyone.

Would you believe that last year Engelbert Humperdinck made $5.5 million for eight months' work in the United States? It is true. A lot of people would dispute that. They'd say there is no way you can call singing "work." But it is very hard work. One of the reasons he earned that much money was because of the Broadcast Industry. The broadcast industry is often thought of as a glamor profession. Many harbor a furtive desire to broadcast news on radio or television or to spin records for a prime time audience. But very few realize what is involved or how many others are nursing similar ambitions.

There are over 6,500 commercial radio stations in the United States and about 700 commercial television stations. The average radio station employs about 14 people and television about 67. Multiply those numbers and you get an idea of how many people are attracted to this type of industry.

A Broadcast Specialist in TODAY'S ARMY is exposed to a wide range of communications procedures and responsibilities. He prepares scripts for Armed Forces radio and television programs and participates very often as an announcer, master of ceremonies or even an actor in some of these programs. In addition, Broadcast Specialists are frequently called upon to make local spot announcements or to give running descriptions of public meetings or display and sporting events. Though entering into this position depends on openings, any young person with aptitude, proper motivation and training will be able to enjoy an Army job in this field.

And please don't forget the free room and board, complete medical and dental care, 30 paid vacation days annually and a starting salary of $307. 20 a month. This is a package few radio or television stations in the country would be willing to offer new personnel.

For more information concerning TODAY'S ARMY job opportunities, please contact us at 431-Webster St., Monterey. Or call 372-4742/ 372-0553.

Youth Concerts Are Saturday

The Monterey County Symphony Orchestra, directed by Haymo Taiuber, will present the annual free concerts for Youth Saturday, February 3 at 11 a.m. at the Monterey Peninsula College gum-auditorium and at 2:30 p.m. in the Salinas Washington Junior High School. Auditorium. Arrangements have been made in cooperation with the American Association of University Women.

Local school districts will provide bus transportation for intermediate grade students. Parents may also bring their children and attend the concerts.

Highlight of the program is Benjamin Britten's "Young Person's Guide to the Orchestra" narrated by M. Scott MacClelland of K-WAV Master's Concerts.

Young Mark Eshoff of Salinas High will be the soloist in the "Trumpeter's Lullaby" by Leroy Anderson. Mark's father, Donald Eshoff, is Principal Trumpet in the Symphony Orchestra.

Completing the program will be "The Magic Flute" overture by Mozart. "Emperor Waltz" by Johan Strauss and the "Washington Post March" by Sousa.

Funding for the Concerts is contributed by The Music Performance Trust Funds. Contributions toward expenses have also been received from the Junior League of Monterey County, The Fine Arts and Crafts Festival of Monterey County, Inc. and the Bing Crosby Youth Fund.

School To Hold Carnival

It's carnival time again at the Ione Olson School. The annual P.T.A. Carnival will be held at the school, 261 Beach Rd., Marina, on February 3, from 11 a.m. to 4 p.m.

There will be the old favorites of young and old such as the Cake-walk, Animal Wheel (stuffed), Haunted House, Fish Pond, Cane Toss, eats, drinks (soft), and many others. Most of these still cost only a thin dime. And there are door prizes, too.

One new feature will be a salad luncheon served during the carnival period in the Teachers' Lounge. The cost? One dollar per adult and 50¢ per child.

Baton Clinic Is Scheduled

The Seaside Parks and Recreation Department announces the baton clinic to begin at elementary and junior high schools the first and second week of February.

Jenny England's Twirl Club will be offered at four schools in Seaside beginning in March.

Parents who desire their children to enroll in the baton clinic are urged to contact the Parks and Recreation Department as soon as possible by calling 394-8531, ext. 58.

Founder's Day Meeting

On January 23, 1973 at the Ione Olson School, Marina, the annual Founder's Day meeting was held. This special meeting is held each year to pay tribute to the volunteer workers who help with the kindergarten classes, assist in the library and with many other duties during the school year.

The meeting was opened with the posting of the Colors and the Pledge of Allegiance by Cyb Scout Troop 156, Den 2, Marinea. Guest speaker was Allen J. Petersdorf, Superintendent of the MPUSD. Choral selections were by the school chorus under the direction of Mrs. T. Klophenstein.

Estelle Santillanz was presented with the Honorary Service Award for her services to the school and community. If a church, school, or a group of people need assistance, Estelle is there to give her help, time, or whatever needs to be done.

Jan Kessler

A very special attraction has been scheduled for appearance at Carmel's Sunset Center Theatre according to an announcement released by Frank Riley, Director of Community and Cultural Activities for the City, who added, "We feel most fortunate to have been able to book this special event. It will advance the objective of making the most rewarding performing arts available to our citizens."

On Friday, February 16 at 8:15 p.m., "The Mime Show of Jan Kessler" will mark the return of a former Peninsulan to the area. Jan Kessler is an internationally renowned actor and mime, and his expert and moving performance will enhance the Sunset season.

Ticket information for the show will be available at the Sunset Center manager's office, San Carlos & 8th, in Carmel, or call 624-3996.

Luncheon Is Planned

A very special event will be held next Thursday, February 8 at Fremont Junior High School.

A delicious three-course luncheon will be served to the students' parents by the Ladies' Luncheon League, which has given luncheons to groups of parents all over the San Francisco Bay Area, the Sacramento Valley area, Fresno and Bakersfield.

This promises to be a most enjoyable afternoon. Those in attendance will be introduced to some new and interesting foods, develop new shopping skills, take home many new ideas and recipes and play the exciting "Spin and Win Game" for many prizes.

For reservations or further information, call Mrs. Annette Amos, 394-8968 or Mrs. Mary Anne Langford, 394-2820.

Reservations close Monday, February 5.

Band Holding RummageSale

Seaside High School Band will hold a rummage sale at the school music room on Saturday, February 3, from 10 a.m. to 2 p.m. The sale is part of the band members' continuing efforts to raise money for transportation to the Music Educators National Conference in Tucson. After playing the Arizona concert, the band will return via Diseneyland, where it will parade down Main Street.

Other fund-raising activities planned for February 3 are a bake sale at the Fort Ord Main PX and a car wash at Marina Shopping Center. In addition to the various work projects, the band has asked for cash donations. Checks may be made out to the Seaside High Band Fund and setnt to the school.

Seaside Ripples

Continued from Page 1

almost witless, yet I know I must keep my wits about me. I must keep my senses and remain strong, I must proceed.

It is as if these crises bear human faces (they do) and they encompass me like enemies, knocking me this way and that between them, crying for my help even as they beat me well nigh unconscious.

How much more can I stand?

Help me to keep my sanity and my strength. Please take some of these problems from me. Surely I have been used enough. Surely I have been pursued and caught and used again and again. Enough! There is not much left.

Restore me. Give me strength.

But first please give me a respite from these problems.

The world is full of all sorts of people. And most of them who do wrong, or who do wrong towards their fellowman has no idea how much they have hurt someone who was trying to help them.

Kahlil Gibran says in his "Mirrors of the Soul:" "There are among the people murderers who have never committed murder, thieves who have never stolen and liars who have spoken nothing but the truth."

This has been a hectic week. Both newspaperwise and private. Saturday I escorted a young lady to a cocktail party for the Bing Crosby Tournament players, held in the club room at Del Monte Lodge in Monterey.

I never rubbed elbows and shoulders with so many big shots in my life. Name them, they were there: Bing Crosby, the perfect host and Phil Harris, the perfect recipient were there.

After we departed the "Crosby" we went to MPC to the Variety Show put on by the Chamber of Commerce (Verlaine Crawford) and Sgt. Johnson of Ft. Ord. For those who missed it, you will have to wait a long time to have a chance to enjoy such a wonderfully star-studded variety show.

It was a bit lengthy, but the entertainment was of such you could not chance missing the next attraction.

Saturday night was also the night that Harambe Medical Clinic gave their rock concert at the Del Rey Cultural Center. I was only able to stick my head in the door and say "Hi" because there were no more seats left for the late-comers. Maybe Vicky will give you the details in her column.

Speaking of Vicky, she has developed into quite a surprise. It is hard to remember exactly when I first met her. It had to have been a number of years ago because we have traveled in some of the same circles since "Haight-Ashbury Days" in San Francisco. We have talked of Hippie Hill, Golden Gate Park, Aquatic Park, and several other "groovy" spots that were popular then including Upper Grant Avenue and places like "The Anxious Asp", "The Coffee Gallery" and even "The Bagel Shop." She had to have been pretty young in those days.

A few months ago I ran into an old friend of mine we have always called "Cisco" who was (and still is) accompanied by several people. In the group was Vicky, sticking out like a sore thumb. From then we became friends and recently we had a vacancy in our office and she started to work for us. We noticed her talents and gradually increased her responsibilities. She skyrocketed to become Mrs. Barragan's secretary and now she has her own column. But most enlightening is the fact she is happy. And if you cannot be happy in the one life we know of, why exist?

We thank whatever gods there may be for young people like Vicky, may they all find their "spot" and hold it. With our help and encouragement we all can guide and advise them. They will listen.

Andy had to have his checkup by the doctors who made him a new man the other day, and he was given encouragement to "carry on." He would have done that anyway, it's just nice to have the professionals say it. The trip to San Jose was a bit exhausting for him, but after a couple of days he is back to his regular routine of briskly walking around town meeting friends and gathering the pollen from the air that is needed by we humans to survive. He's so wonderful.

Letter to the Editor

Editor: The second Friday each month at 7:30 p.m. is a meeting of the Marina Citizens Association at Community Center in Marina. The next meeting is on February 9. Our organization was set-up for those with a community spirit.

Veteran organizations, various clubs, churches and other constructive organized groups in our village are urged to send members to attend our meetings. We are seeking all men and women who have faith in the future of Marina and are willing to help. Discussion is open to all.

Marina now has about 12,000 residents. It will grow more beautiful, comfortable, desirable in every way only if there are enough people with vision and dedication to push it onward. Welcome to our meetings, concerned individuals.

Very truly yours,
Mrs. James Cambier,
Secretary
Marina Citizens Association

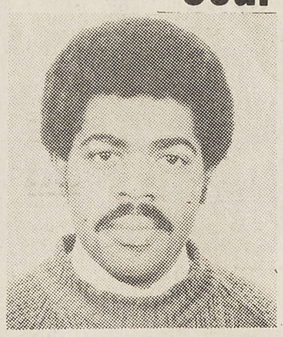
Jane Doe is a welfare recipient (or potential welfare recipient). She wishes to better herself be getting a good job or enrolling in a job training program. But she can't do it as her son is only a year old and too young to enroll in a child care center or nursery school. A baby sitter would be too expensive. Jane's frustration in not being able to contribute her talents to society is really our loss.

Fortunately there is help for Jane. Upon approval of her application she can enroll her son at minimal cost at the INFANT CARE CENTER. Located at St. Matthias Church at Kimball and Noche Buena in Seaside this non-profit center provides excellent care for infants who are from 6 weeks to 3 1/2 years old. Depending upon space availability any mother may enroll her infant at the center. The charge is based upon the ability to pay.

I am pleased to announce that your County Board of Supervisors have voted to increase its financial support of the INFANT CARE CENTER. However, this additional support is still not sufficient for a full and meaning ful program. Mrs. Vaughn, the center's director, is asking the community for help and volunteers to keep the center open. Let's help the Jane Does of our community help themselves. For more information please call Mrs. Vaughn at 394-1744.

Soul Food



by Brother Christopher
THE NEED IS HERE

The bell breaks the silence, as it's peal rolls down the moutain at one-thirty in the morning at New Camaldoli Hermitage located south of Big Sur on Highway One. Each day begins with prayer in the chaple with hymns and psalms five times a day. The monk's life is prayer and sacrifice, forsaking all things for total service to GOD.

These men have conquered the world by joining with their creator to reclaim the souls of mankind through the ultimate sacrifice, their entire lives. Few men are able to make such a commitment and stand toe to toe against the Devil.

Jesus asked a young man once to give all that he owned to the poor and follow Him; this was very hard for the young man to do as he was very rich. Jesus then replied; "It is easier for a camel to pass through the eye of a needle than for a rich man to enter the kingdom of Heaven."

I have always felt this thought to be as important today as it was then. Our people of today are rich in another way. We have many pleasures offered to us at the flip of a switch, vicarious passified by radio and tzlevision. The monks have abandoned these pleasures for the sake of spirituallity and finding oneness with GOD throug h their sacrifice.

Down here on the ground we too often must make sacrifices, but often our pursuits are not so noble. Often we discount the power of prayer and communion with our FATHER. We tend to forget the fact of GOD and the influence of the Devil. I am here to tell you that you have an enemy in Satan, and you don't have to make any others. He is very busy day and night, working to destroy this world so when our Lord Jesus comes again to this planet, there won't be anyone here to receive Him! And believe me the Devil is claming souls every day. The oldest war in creation is going on right before your eyes: the battle between good and evil!

We as free souls, blessed from birth with divine inspiration, often take our gifts from God and hide them under a bushel, when instead we could be winning the fight against the Devil. But this will require us to make some sacrifices. To forego some small pleasures in order to help some poor soul out of his misery, and there are many right here in Seaside who need our help.

I came down from the mountain to continue my personal war with evil. To stop the Devil in His tracks. To restore to the Church of Christ all who have strayed away. Why? Because, when I come before those pearly gates, St. Peter is not going to ask me have I been good; He is going to ask me have I finished my work? Was I a brother to my brother, or a friend to my friends. He is going to ask if I obeyed the commandments of Christ. "What you sow is what you reap" is the quotation; it is self explanatory.

Meeting Reverend Hooper was truly meeting a messenger from God. We are working very closely to realize a work in the service of Him-our Father. This work we hope will bring an end to a small portion of the suffering in this area. We hope you will join with us in this oldest of all causes: the plight of our brothers in need.

Thank you and God bless.

PROCLAMATION

WHEREAS, the first Sunday in February, 1973, will mark the twenty-ninth anniversary of the sinking of the troopship Dorchester, which carried to their deaths four Chaplains of three faiths who stood united in prayer as the ship went down; and

WHEREAS, it is fitting at a time when the PEACE of the world is so fragile that the City of Seaside should give special recognition to the memory of those who sacrificed their lives for the cause of freedom; and

WHEREAS, the heroic deed of the Four Chaplains and their combined act of supreme devotion and sacrifice for American liberty and human freedom will be an inspiring and ever shining example of real Brotherhood for all time to the people of the world; and

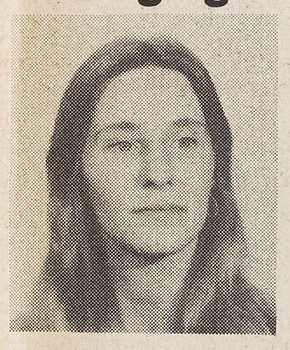
WHEREAS, we must all see to it that their supreme sacrifice and that of their brave comrades to the commom cause of human freedom and justice for all shall not have been made in vain;

NOW, THEREFORE, I, BERNARD J. DOLAN, JR., Mayor of the City of Seaside, California, do hereby designate the first Sunday, February, 1973, to be observed as FOUR CHAPLAINS SUNDAY and call on all citizens to commemorate the day through appropriate observances in public places and by prayers in their homes and Houses of Worship.

Given under my hand and the seal of CITY OF SEASIDE, this 1st day of February one thousand nine hundred and seventh-three.

You are cordially invited to attend "Four Chaplains Day" Service, to be held at 2:00 p.m. on Sunday, February, 4, 1973, at the Protestant Chapel, United States Naval Postgraduate School (Hermann Hall).

Swinging With Vickie



The concert last Saturday evening at the Del Rey Center was really fantastic. For those of you who missed it, YOU MISSED OUT, and all those who did attend will have to agree with me that it was even better than opening day on January 1.

FISTFULL OF SOUL got out there and "did it," as usual, and they introduced new songs they had obviously been working on. BLACK JACK, at their first appearance in the Del Rey, were very impressive. Their good music and showmanship brought a little nostalgia back. It was like seeing the Shirrells the Chiffons and so on. I hope to see them around again.

WELFARE came on last and I think I can safely say that they blew everyone out!!!!! It was a fantastic show all together. Approximately 700 people attended Saturday's concert.

This next Satruday at the Del Rey will bring our own workshop. It will be in the evening again, same as last time. (I like evening concerts, anyway!!!) It will be from 8 p.m. until it ends. Admission is $2.

On the same night, there is another concert going to be held at the Monterey Fairgrounds in the Agricultural Center, Saturday, February 3rd. it features HARVEY MANDELL, BALLIN JACK, and CALIFORNIA. The show starts at 8:30 and tickets are $3.50 in advance and $4 at the door.

Well, later on for now.....

As I See It

"Secretary of State Rogers speaking."

"Sec. Rogers, this is the operator in Athens, Georgia. I have a collect call for you from somebody by the name of Dean Rusk. Will you accept the call?"

"Yes, operator. He used to work here. Put him on."

"Hello, Bill. There's something real important we'd better get together about."

"Please address me as Secretary Rogers. You were a Democrat. Don't forget that. What's on your mind?"

"It's this war in Vietnam. It seems to be taking a bad turn."

"I disagree. The President says it's over."

"That's what I mean. How are we red-blooded Americans going to be able to call ourselves red-blooded Americans if we're not blasting some communists somewhere? We've got to do something."

"Yeah. You've got a point. How about dropping a couple bombs accidentally on the Chinese or Russian Embassy, or better yet, on the United Nations - just leaflet bombs, of course?"

"That might work, but I think I've got a better idea. Let's get something going in the Middle East."

"Great idea. You can call me Bill, now. This Middle East - isn't that somewhere near Australia?"

"No, Bill. It's where Africa and Asia meet. It's where Israel is trying to hold out against the Arabs."

"Oh, sure. Golda Meier and all that. But there aren't any communists there except Russian arms salesmen. You know very well the American public wouldn't go for bombing Jews, and Congress would raise a big stink if we started picking on the Arab dictators."

"yes, I know, but here's my plan. We get our CIA to work on both the Arabs and the Israelis and try to get them to go communist. Then, as soon as one of them goes for it, we dash over there and explain the danger of the domino threat to the others and help them defend themselves."

"Sounds pretty risky to me, Dean. What if they all go commie at the same time?"

"That's better yet. Europe would be scared to death, and we could sell arms to them on the common market. Sure, it's risky, Bill, but we've got to do something. If the war stops in Indochina and we don't have another one ready to start, well, I don't think I have to tell you our economy would collapse. You'd be out of a job, and old law professors like we would be a drug on the market."

Vernon A. Gardner

Lieutenant Vernon Gardner, a native of Southern California, joined the Seaside Police Department in July, 1964. Since then, he has worked as a patrolman, detective, Patrol Sergeant, and now as a lieutenant in charge of one of the night shifts. While on the evening shift, he is also in charge of the Seaside Police Reserves and is responsible for their training, conduct and participation with the Police Department. As a lieutenant he has implemented many changes in the Standard Operating Procedures for our department. He was instrumental in forming the present "Busi-4 nessmen BOL", BOL means "Be on the look out," regarding bad check passers, shoplifting rings, armed robberies, etc., in order to keep the businessmen better advised for the sake of security within their businesses.

Prior to becoming part of the Seaside Police Department, Vernon was raised and went to school throughout the United States. He has attended approximately 16 different schools, finally graduating from Pacific Grove High School in 1958. The reason that Vernon Gardner travelled so much was because his father served with the U.S. Navy. During the final years of his high school, his father was assigned to the Naval Postgraduate School in Monterey. It was at this time that Vernon developed a liking for the Monterey Peninsula and hoped one day to return.

After graduating from high school, he followed in his fathers footsteps and joined the Navy. He was assigned to the Aircraft Carrier USS Hornet where he spent three years. During his navy career, he saw many tours of duty throughout the Far East. Upon being discharged in August 1961, he worked as member of the Crash Crew at Lindbergh Field in Southern California for about one year, then returned to the Monterey Peninsula. He worked at various jobs for a short while until he joined the ranks of the Seaside Police Department.

After being hired by the City of Seaside, Vernon Gardner enrolled at Monterey Peninsula College to further his education, and graduated Coast Counties Police Academy at Gavilan College, then located in Hollister. After advancing to the rank of Sergeant, he returned to Gavilan College for Supervisor's school. He graduated from the middle management course, University of California at Santa Cruz in 1970. Other courses taken during the same time period included Narcotics School, Civil Disorder Management School, and numerous other schools that were required by the Seaside Police and the State of California.

Lieutenant Gardner presently holds the Intermediate Certificate issued through the State of California Department of Justice, Commission on Peace Officers Standards and Training. He will be receiving his Advance Certificate within the coming year. He was selected Officer of the Month for September 1965 by the Monterey County Peace Officers Assn. Being 6-4, he puts his height to good use as an active member of the Seaside Police Basketball team.

Luncheon Is Next Wednesday

The Seaside Parks and Recreation Department announces Meals on Wheels will have their luncheon next Wednesday, February 7, at the Villa Del Monte in Seaside.

The luncheon will begin at noon in the auditorium. The menu will include Waikiki Meatballs (sweet and sour sauce).

Guest speaker for this month's monthly luncheon will be from the social service office. The talk will be about Medi-Care.

There will be a $1 donation for the luncheon. But even if you do not have the money come anyway.

When you have finished with your copy of the POST, pass it along to a friend or relative.

Should Christianity heal today?

Christ Jesus taught and proved the power of Truth to heal.

The Bible records that he "healed all manner of disease among the people," and he taught all those who followed him to "go and do likewise."

And many do.

Christian Science teaches the present power of God to heal, and this healing is going on today throughout the world.

In our Reading Room you will enjoy reading the inspiring weekly Bible Lessons which reveal the spiritually scientific basis for Jesus' marvelous healing works.

You are welcome to come in and read in our quiet room today.

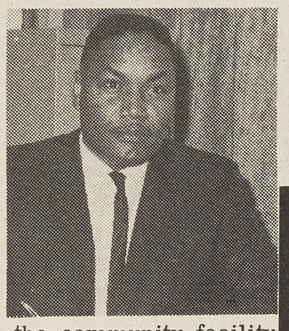
Monterey County Task Force Inc. Progress Report

by Stephen E. Ross, President



On behalf of Mr. W. C. Greenwell, President, members of the Anti-Poverty Council of the Monterey Peninsula, and the people who benefited by the programs, we thank you, the staff and the taxpayers of Seaside for the use of the community facility located at 1580 Del Monte Boulevard, Seaside, California. You have made this facility, known as the Monterey Peninsula Area Service Center, available to the Monterey Peninsula - not only during the year of 1972, but for several before that - in order that the needs of poor people on the Peninsula may be better served.

This is a summary report on the activities at the Center during the last seven months of 1972. As you know, all OEO programs operated at the Monterey Peninsula Area Service Center had shut down in March of 1972. This "shut down" came about due to the fact that the County-wide Community Action Agency, Monterey County Anti-Poverty Coordinating Council, was phased out. The County of Monterey assumed the responsibility of directing OEO programs directly.

To handle the day-to-day operation of the program, the Board of Supervisors appointed an Economic Opportunity Commission to serve as an Advisory Board to the Supervisors. The County Board of Supervisors also appointed an Executive Director to administer the programs and coordinate the staff. During this "phase-out, phase-in" process only funds were available for central office staff. Outreach services to communities, such as ours, were not available. Such funds are still not available. However, we have received information that funds will be available soon, with which to operate some outreach programs. (The programs for Family Planning and Head Start were not terminated, but were transferred directly to Monterey County for administration at the time of the phase-out. Funds have been made available to reopen the Senior Citizens program within the last two months).

During the dormant, or non-funded period, the Anti-Poverty Council of the Monterey Peninsula, through the Monterey County Task Force, Inc. - another non-profit organization which had worked with the APCMP before - allowed the Task Force to operate a voluntary program in the facility.

Services offered under the voluntary program by the Monterey County Task Force, Inc. included the following:

Operation of a limited Emergency Food Bank Program, which was made possible through other community-based organizations, especially the churches of the Peninsula.

Emergency financial assistance, and consumer counseling.

Operation of an Alcoholism Outreach Service, which was made possible by the Monterey Peninsula Council on Alcoholism.

Housing assistance, counseling and referral services.

Welfare Rights problems, which filled part of the need created when the Welfare Rights Organization moved from the Service Center building.

Crisis counseling, as a result of the Alcoholism program and the Monterey County Suicide Prevention Center. (A copy of a letter from the Suicide Prevention Center is attached).

Small Business and Job Counseling, which included the formation of an Association of Minority craftsmen, contractors and businessmen. We counsel these people in such matters as: how to get SBA loans, SBA Management assistance, how to deal with OMBE (Office of Minority Business Enterprise), how to set up and deal with SBIC (Small Business Investment Company), how to obtain and retain a contract, etc.

My brief experience with the operation of this voluntary program(s) has made it clear to me that there is a real need for services of this kind on the Monterey Peninsula, and especially in Seaside. I also found that a totally voluntary program cannot be as effective as is needed for the area. The nature of man is such that personal survival takes priority over other considerations. The needs of others will, therefore, be overlooked if some incentive is not built into any program to help the poor and disadvantaged. I am appealing to you, as the elected leaders of our community, to provide some of that incentive.

SPECIAL THANKS to the many people and organizations that made the voluntary program as successful as it has been. We are especially grateful to:

Rev. Walter Grumm, and Members of BETHLEHEM LUTHERAN CHURCH OF MONTEREY;

Rev. J. Lee Mildon, and Members of ASSEMBLY OF GOD CHURCH OF SEASIDE;

Rev. Howard E. Bull and Members of COMMUNITY CHURCH OF THE MONTEREY PENINSULA;

Rev. (Mrs.) Eddie H. Williams, Jr. and Members of THE SOCIETY OF RELIGIOUS SCIENCE OF SEASIDE;

The Ministers and Members of ST. FRANCIS XAVIER CHURCH, SEASIDE;

Rev. Arthur L. Cunningham and Members of ST. JAMES EPISCOPAL CHURCH, MONTEREY;

The Pastor, Social Concerns Group and Members ST. MARY'S BY-THE-SEA EPISCOPAL CHURCH, PACIFIC GROVE;

The Pastor and Members of the FIRST UNITED METHODIST CHURCH, PACIFIC GROVE.

Others include the Manger of SPROUSE-REITZ on Fremont Boulevard, Seaside;

the Manager of SAFEWAY on Fremont Boulevard, Seaside;

the Manager of M.B.S. Department Store, Seaside, and

the Manager of MONTE MART, in Del Rey Oaks.

I volunteered over 1,120 man-hours to this program in 1972.

Your thinking determines your experience.

Helping Hands Roots . . .75c
FIVE FINGER GRASS
This plant has a leaf divided in Five Segments. We believe that this Root has been used by many people for Hoodooing that is, for the purpose of Warding Off Evil and bringing Good Luck in Money Matters and Love Affairs. However, we do not claim that the Five Finger Grass will Drive Away Evil or bring Good Luck, and sell only as a Curio.

DEVIL'S SHOE STRING
A certain Book on Folklore gives the following belief regarding Devil's Shoe String: "Cut Root into small pieces, put camphor or whiskey on it, rub on your Hands—Will give you control over any woman. Carry a bit in your pocket, no snake will bite you; lay a piece in a man's path, he will never have any more money; use it for a Gambling "Hand." We make no claims that this Root will have any supernatural effect as above mentioned, and sell only as a Curio.

GENUINE MYRRH
MYRRH was one of the precious substances of Biblical times used at least 2,000 years ago. It was blended with an Oil wherewith the Priests were anointed and it is said that it ran down the beards of Aaron and his Sons when they were exalted to leadership. The Bible mentions it is used in a Holy Oil—(Exodus—Chap. XXX). Some folks still believe MYRRH to have mystic Luck Powers and to bring Luck in Love Affairs and Money Matters. We make no claims to this effect and sell only as Genuine MYRRH. DON'T WAIT.
